

**Make it
fun!!!**

**It's fun
to learn**

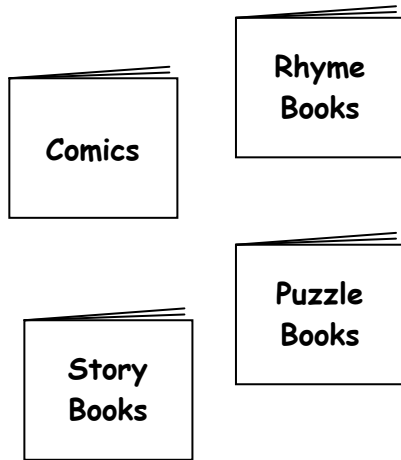

about books

*East Dunbartonshire
Early Intervention Team*

Why share books with your child?

An early introduction to a variety of books will encourage your child to appreciate and value reading.

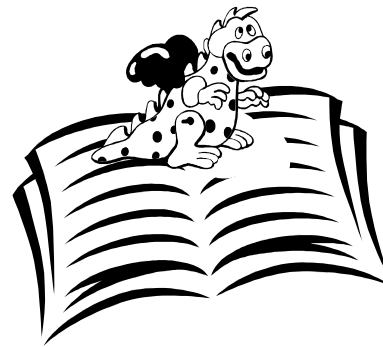

Let your child see you enjoying reading magazines, books, etc. This will encourage your child to be enthusiastic about reading books too.

Some Suggestions

Take time to share a book with your child every day.

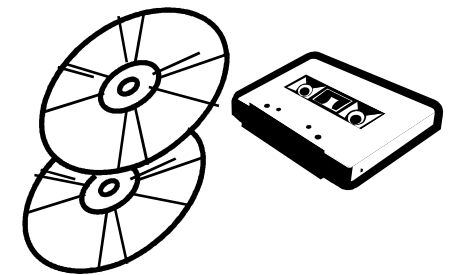

Children enjoy reading different kinds of books. Fairy tales, stories, rhymes, poetry, songs and information books are just a few of the many available.

Read the book together, but do not forget to talk about the words and pictures.

Children love to act out a story. Puppets and dressing-up clothes help the children to re-tell the story.

Tapes of stories can be used to re-visit favourite stories and help your child to learn to listen.

Check out your local library. You will be surprised at what they have to offer.
